

Dear Richard,

Glad to hear that you returned home safely. I would welcome your family to the opening of Korean Pavilion, May 26. The ways we spend budget are strictly controlled by the government regulations. We are not allowed to pay for traveling expenses for your family. But we will try to find a way to reimburse your hotel expenses within the guidelines. Maybe it will not cover the total costs. But I think you can stay with your wife and son at a two-bed room. Right? So plan to come to Venice, maybe from May 26 to May 27.

There is not much progress on the texts. I will send you the draft and memos as you suggested by Saturday afternoon at Toronto time.

Best, Sung.
