

Dear Richard,

Please take your time. As long as our team can estimate the length of text for each Section, we can design panels for the exhibition, and develop/change until the end of April. But to include it at the catalog, all the texts need to be submitted to the publisher by the end of March. We plan to get all the texts done before. In addition to this manuscript, we have more manuscripts by 5 curators (about 500-700 words per each), 4 artists (about 200 words per each), and short statements by 36 architects, (100 to 200 words per each), CVs for all participants, and captions for infographics. So I need your help for the 1<sup>st</sup> phase until the end of March; and for the 2<sup>nd</sup> phase until the end of April.

Best, Sung.
