

Dear Richard,

I really can't thank you enough. Without your involvement and help we would never have come here so far. We are getting close where we are heading.

- 1) I will just put "Hyper-Density."
  
- 2) These are some captions at Page #5 (at the attached file)
  - 1 to 2 Storey Single-Family Detached House
  - 3 to 4 Storey Multi-Family House (under 660m2 and 19 units)
  - 3 to 4 Storey Mixed-use Building (Retail Spaces on the Ground Floor)
  - 3 to 4 Storey Row House (above 660m2) or 3 to 4 Storey Tenement House
  - High-rise Apartment Building (above 15 Story)

Please give my best regards (also tell them I am so sorry that I took so much time from you) to Hyun and Kellen.

Best, Sung
