

Dear Neville,

My answer to your two questions is yes. But not too late. A week is OK?

Besides the catalog, we will quote some of your texts and display at the concluding section of our exhibition, 5) Why the FAR Game matters – among 1) The Rules of the Game 2) The FAR Game in Action 3) Opposing Forces to the Game and Background 4) Artists Perspectives on the FAR Game.

If you say how your observation and analysis might be related to our theme, the FAR Game, and how the theme is relevant to the event like VB, that would be wonderful.

I attached the revised foreword of our theme and some images for your reference.

Best, Sung.
