

Dear Filipa,

Aside from an official reply on the final PR activity report from ARKO, the Commissioner of the Korean Pavilion, I thank you for your wonderful service on behalf of the curating team. It was such a pleasure to work with you, Emma, and SUTTON team and share our theme, The FAR Game at the great city, place and event. We will absorb and digest a lengthy final report. Hope we meet at other opportunities in the near future.

Best, Sung
