

Dear Johanna

Before I recovered from travel fatigue, I had to meet several conferences... After finish it I slept day and night, all day long . Now I have completely recovered. So I'll start to finish the other book object.

I met Okyohn in Seoul and had a supper. We'll meet again. I have a plan to invite Okyohn and Matthias to my home if possible. (Matthias is busy now.) I'm going to finish the book object before Okyohn start for Berlin. And I'll make it sent to you by Okyohn.

I'll never forget the beautiful days in Germany with you!

Missing you , and hope to see you again someday

I remain.
